Anlagen: Gerhard Bonniman Deposit.pdf

Hello Gerry,

Thank You for notifying your credit card company and resolving the issue, the transaction went through smoothly this time. As discussed the receipt is attached for the deposit. Below is a summary of your reservation.

Dates: 28 July - 7 August 2017 (10 nights)
Total: \$1350.00
Deposit: \$270.00
Balance due: \$1080.00
Fully refundable: 15 Apr 17
of persons: 2

I agree, the type of vehicle on the ferry reservation form should be "passenger van." I recommend making the reservation as soon as the system allows you to, I know that in the July/August timeframe it has a tendency to fill up fast.

I have not heard of any issues regarding the company that you're going through to make the reservation but they may be a middle man and charge you a little extra for their services. The ferry is actually run by the State of Alaska and reservations can be made through their website:

<http://www.dot.state.ak.us/amhs/>

Hope this helps, Cheers,

Gary

Hi Gary

Cool!

Just a pre-information I would like to discuss in the call and something you might check already :

We've just booked our flights and found that it's cheaper for us if we arrive one day earlier. That means we would have one more day to spend in Alaska.

Now the question is if a van camper would also be available from

FR, July 28 – MO, August 7 (10 nights)

Well, we'll talk about it later on.

Cu soon
