Dear M. Gerry,

The duration is not a factor. In fact, we are used that the departure for excursions is always at 9:00 and back at 19:00. But, I can feel your determination to see the sunset on the dunes. So, it will be an exception this time and i will inform the driver about it. The estimated driving time with the stops is 4 hours.

For the camel ride, it lasts half an hour

Best regards

Aziza

Bonjour

Thanks for the quick reply! One thing which came on my mind was to see the sunset on the dunes. The website <http://www.timeanddate.com/worldclock/astronomy.html?n=1996> indicates that sunset would be at around 08:25 P.M. - I would love to see it (with or without camel), but that means we would return to the hotel relatively late. For me it's fine, but would this have any consequences for the price? If the duration is a factor, we could depart later from Ouarzazate instead.

What is the estimated driving time? What is included in the camel ride (how long)?

Thanks for your information.

Best regards - Mit freundlichen Grüßen

Dear M. Gerry,

We are happy to hear from you on behalf of M. Hassan and we will be delighted to give you our best offer for a desert trip.

Well, for now, we don't have any existing group, but, I propose a 4*4 with a French speaking driver at your disposal during the journey (See enclosed a descriptive of the journey)

- * The 4*4 with the driver = 1400 Dhs
- * Camel ride in Tinfou = 350 Dhs

If you prefer to have an English speaking guide, you have to add 400 Dhs

Please feel free to contact me for any further information.
My best regards to M. Hassan

Sincerely yours

Aziza
